

Case Study no 4 – house in Winsley

Home improvements we have made to reduce energy use:

- Have replaced windows
- Installed tubes on the roof to heat water. The solar collector (water) was installed August, 2006 by Powertech Solar Ltd. Wimborne: solar.org.uk
- The Pv panels were installed in October, 2011 by Southern Solar: <http://www.southernsolar.co.uk> Terrific success.
- Have had loft lagged and wall cavity insulation done.
