Volunteering in Nature

If you'd like to join in doing practical woodland tasks and habitat management in a group, there are opportunities in Bradford on Avon and Trowbridge and nearby.

The tasks will vary with the seasons and the location, and there's a variety of level of task. You step out of your usual daily activities and step in to nature to get hands on with what's needed.

You'll need to sign up with an organisation to join in a group. Here are some Wiltshire ones.

Volunteering in Barton Farm Country Park, Bradford on Avon

Volunteering with Wiltshire Wildlife Trust eg Green Lane Wood, Biss Wood, the Great Chalfield project, or the nature reserves in Wiltshire. Opportunities all over Wiltshire.

Nature-based activity days for companies – **Wild Work days** with Wiltshire Wildlife Trust

Young Rewilders On 25 November 2025 the Guardian published an article on How Young Rewilders transformed a farm and began a movement. An abundance of nature has returned.

The **Young Wilders** website shows what other projects they are doing.
