Climate Friendly Bradford on Avon – our AIMS

- To take action to tackle the climate and associated biodiversity emergencies
- To raise awareness among all sections of the town and community area's population about climate change and the importance of reducing our carbon emissions and living more sustainably
- To support members, the county, town and parish councils, local organisations, and the wider population in efforts to reduce carbon emissions
- To promote a range of activities, mutual support, and meetings to inform and enthuse people
- To seek to influence decision makers in all sectors and at all levels to take action to reduce greenhouse gas emissions
